PALLETIZED FREIGHT

izzydesign will ship your order on pallets at an upcharge per your request. Contact Customer Support for more information.

FREIGHT CLAIMS

All shipments are delivered to the transportation company in good condition, and our liability ceases thereafter. We will, however, give every possible assistance if shipments are received short or damaged if you follow the approved receiving method. If shipment is received short or damaged, the carrier should endorse freight bill or express receipt and the customer should immediately file a claim with the transportation company.

All common carrier freight claims are the responsibility of the product recipient.

izzydesign will do everything possible to replace the damaged goods, but the new order will be handled under regular terms and conditions. The customer must obtain credit for the original damaged goods/shortages directly from the freight company.

When filing a claim with the transportation company, several things should be kept in mind:

Be timely (within 15 days - beyond this, it is extremely difficult to recover costs).

Check all cartons on site/time of delivery and note any damage/shortage on freight bill or express receipt, and then have carrier and customer sign freight bill or express receipt. When noting damage on freight bill or express receipt, be as specific as possible (include model number on label, position of damage, and any other information that will help the freight company verify the claim).

Save the carton.

STORAGE

All merchandise will ship upon completion of production. If customer is unable to accept shipment, izzydesign may transfer the merchandise to storage. All cost for storage and additional freight incurred will be the responsibility of the customer as well as the risk of loss or damage during storage. After 90 days, the order is deemed cancelled and regular terms and conditions of sale apply.
